Opening Session

Opera House, April 25, 1945

PROGRAM

The doors of the Opera House will be open at 3 p.m. It is requested that all persons be seated by 4 p.m. since the program will be broadcast by radio to all parts of the world.

At 4:30 p.m. Mr. Stettinius, temporary President of the Conference, will open the session and announce the President of the United States, who will speak from Washington. (It is requested that there be no applause until the President's address is concluded.)

Addresses of welcome will be given by the Governor of the State of California, the Honorable Earl Warren, and by the Mayor of the city of San Francisco, the Honorable Roger D. Lapham.

The temporary President of the Conference will give a brief address and the Secretary General of the Conference, Mr. Alger Hiss, will announce the meetings to be held on Thursday, April 26.

The temporary President will adjourn the session.

TICKET INFORMATION

Admission to the Opera House on the afternoon of Wednesday, April 25, 1945, will be granted to holders of season tickets or to holders of tickets to the Opening Session but a pass must also be presented along with the ticket. The tickets are for individually numbered seats except as noted below.

Delegates, advisers, and other officials accredited to the Conference will receive season tickets. The permanent conference pass (blue), signed by the Secretary General, should be presented together with the ticket at the entrance.

Owing to the fact that some delegates, advisers and other officials may not succeed in obtaining a permanent conference pass in time for the first and second plenary sessions, temporary passes (white) dated April 25 and April 26 have been distributed with the season tickets. If a holder of a season ticket has received his permanent conference pass (blue), the temporary pass (white) will not be required and should be destroyed. Both the season tickets and white passes should be signed by the holder.

The press representatives accredited to the Conference who have been given press season tickets should present the ticket and their pass for admission to the Opera House. Some of these press season tickets permit admission to boxes in which working units have been established. The other press season tickets permit admission to sections in the grand tier, dress circle, balcony circle, and balcony, which have been set aside and designated "Press Gallery". The holders of session tickets have been given temporary passes (white), good for the one session only.

IT SHOULD BE EMPHASIZED THAT NO ADMISSION TO PLENARY SESSIONS IN THE OPERA HOUSE WILL BE GRANTED EXCEPT TO HOLDERS OF BOTH TICKETS AND CONFERENCE PASSES.

Temporary President of the Conference and Secretary General

In accordance with established international practice, the President of the United States of America, as Chief of State of the country serving as host to the Conference, has designated the Honorable Edward R. Stettinius, Jr., as temporary President of the Conference, to serve until the election of a permanent President. Mr. Stettinius will preside until the permanent President is elected by the Conference.

Mr. Alger Hiss will serve as Secretary General and Mr. John Ross as Deputy Secretary General.

"Journal" and "Record"

The JOURNAL of the Conference will contain the order of the day, summaries of the verbatim minutes of the plenary sessions and commission meetings, lists of documents issued, and general announcements. It will be printed and issued daily.

The RECORD will be a daily compilation of the summaries of proceedings of all committees and subcommittees which have been issued as separate documents in mimeographed form. These documents will be assembled in proper order with a cover-page containing a "contents-précis". The RECORD will be available in restricted number to officers of delegations only.

Invitation of the United States of America to the Conference

(Text)

The Government of the United States of America, on behalf of itself and of the Governments of the United Kingdom of Great Britain and Northern Ireland, the Union of Soviet Socialist Republics, and the Republic of China, invites the Government of [name of Government invited was inserted here] to send representatives to a conference of the United Nations to be held on April 25, 1945, at San Francisco in the United States of America to prepare a charter for a general international organization for the maintenance of international peace and security.

The above named Governments suggest that the conference consider as affording a basis for such a charter the proposals for the establishment of a general international organization, which were made public last October as a result of the Dumbarton Oaks Conference, and which have now been supplemented by the following provisions for Section C of Chapter VI:

C. Voting

"1. Each member of the Security Council should have one vote.

"2. Decisions of the Security Council on procedural matters should be made by an affirmative vote of seven members.

"3. Decisions of the Security Council on all other matters should be made by an affirmative vote of seven members including the concurring votes of the permanent members; provided that, in decisions under Chapter VIII, Section A, and under the second sentence of Paragraph 1 of Chapter VIII, Section C, a party to a dispute should abstain from voting."

Further information as to arrangements will be transmitted subsequently. In the event that the Government of [name of Government invited was inserted here] desires in advance of the Conference to present views or comments concerning the proposals, the Government of the United States of America will be pleased to transmit such views and comments to the other participating Governments.

The Conference Library

Location and Hours of Opening

The Conference library is located in Room 226, Veterans Building. It is open from 9 a.m. to 10 p.m. every day, including Sunday, for special reference service to members of the delegations and the Secretariat. The library telephone is INternational 3300, extension 309.

The Collection

The collection includes some 4,000 volumes, principally reference works and documentary series on international organization, plus a selection of dictionaries, encyclopedias, *Who's Who's*, and other reference tools. Arrangements have been made to borrow other books as needed from cooperating libraries in San Francisco and its vicinity or, if necessary, from Washington. Because of the highly specialized nature of the collection, lending of books to individual members of the Conference will not be possible. Special arrangements, however, will be made for short-term loans in case books are required in the course of commission and other official meetings of the Conference.

Reference Service

A technical staff is on duty to provide general reference service, and special officers will be available to assist members of the Conference on advanced reference questions and documentation. In addition, the entire resources of the library of the United States Department of State and of the Library of Congress may be utilized by means of the ticker system or by telephone. The executive officers of the commissions are expected to keep the Conference library informed of the direction of discussion in their groups so that the needs of the delegations may be anticipated.

The Reading Room

In addition to serving as the center for reference inquiries of the Conference, the reading room of the library is available to the delegates and their staffs for the preparation of their own material. For general reference and reading purposes, the Conference library will be open to all persons admitted to the second floor of the Veterans Building.

Administration and Staff

The Conference library is administered by the Library of Congress, under the direction of the Executive Secretary, with the following staff:

Librarian	Mr. Verner W. Clapp
Associate Librarian	Mr. Lewis Hanke

Delivery will be made only to delegation representatives specifically authorized in writing, and receipts will be required in each instance. All requests for documents and inquiries with regard to distribution should be directed to George Layman, Documents Distribution Officer, Room 445, Veterans Building, extension 156.

Delegation secretaries general are asked to execute forms, available at the distribution counter, specifying representatives authorized to receive documents and indicating the quantity of documents required by their respective delegations.

The United Nations Theater

The United Nations Theater, located at 260 O'Farrell Street, has been provided, with the compliments of the American motion-picture industry, exclusively for members of the delegations to the Conference and their staffs and members of the Secretariat.

The programs have been selected from the best available motion pictures produced by studios of many nations. They will consist of feature productions, short subjects, and a specially edited newsreel.

Presentations will be twice daily, from 5:30 p.m. to 8:30 p.m. and from 8:30 p.m. to 11 p.m. The opening date will be Saturday, April 28, and admission will be by credentials only.

Opening Session of the Conference

Opera House, April 25, 1945

Address by the President of the United States

DELEGATES TO THE UNITED NATIONS CONFERENCE ON INTERNATIONAL ORGANIZATION.

The world has experienced a revival of an old faith in the everlasting moral force of justice. At no time in history has there been a more important conference, or a more necessary meeting, than this one in San Francisco, which you are opening today.

On behalf of the American people, I extend to you a most hearty welcome.

President Roosevelt appointed an able delegation to represent the United States. I have complete confidence in its chairman, Secretary of State Stettinius, and in his distinguished colleagues, former Secretary Cordell Hull, Senator Connally, Senator Vandenberg, Representative Bloom and Representative Eaton, Governor Stassen, and Dean Gildersleeve.

They have my confidence. They have my support.

In the name of a great humanitarian—one who surely is with us today in spirit—I earnestly appeal to each and every one of you to rise above personal interests, and adhere to those lofty principles which benefit all mankind.

Franklin D. Roosevelt gave his life while trying to perpetuate these high ideals. This Conference owes its existence, in a large part, to the vision, foresight, and determination of Franklin Roosevelt.

Each of you can remember other courageous champions who also made the supreme sacrifice, serving under your flag. They gave their lives, so that others might live in security. They died to insure justice. We must work and live to guarantee justice—for all.

You members of this Conference are to be architects of a better world. In your hands rests our future. By your labors at this Conference, we shall know if suffering humanity is to achieve a just and lasting peace.

Let us labor to achieve a peace which is really worthy of their great sacrifice. We must make certain, by your work here, that another war will be impossible.

We, who have lived through the torture and the tragedy of two world conflicts, must realize the magnitude of the problem before us. We do not need far-sighted vision to understand the trend in recent history. Its significance is all too clear.

With ever-increasing brutality and destruction, modern warfare, if unchecked,

Summary of Proceedings

OPENING SESSION

The Opening Session of the United Nations Conference on International Organization was convened by the Honorable Edward R. Stettinius, Jr., temporary President of the Conference, at 4:33 p.m. on April 25, 1945 in the War Memorial Opera House of the City of San Francisco.

The temporary President requested a minute of silent and solemn meditation.

Mr. Stettinius introduced the President of the United States, who addressed the Conference from Washington. The temporary President introduced successively the Honorable Earl Warren, Governor of the State of California, and the Honorable Roger D. Lapham, Mayor of the City of San Francisco, each of whom delivered addresses of welcome to the delegates.

The temporary President addressed the Conference.

Mr. Stettinius introduced Mr. Alger Hiss, temporary Secretary General of the Conference, who announced that—

(1) the chairmen of all delegations would meet at 10:30 a.m. on April 26, 1945 in the Veterans War Memorial Building, and

(2) the first official plenary session of the Conference would convene at 3:30 p.m. on April 26, 1945, in the Opera House

The temporary President declared the Opening Session adjourned.

(Verbatim minutes of the Opening Session, containing the addresses, will be distributed separately as Document 8.)

would ultimately crush all civilization. We still have a choice between the alternatives: the continuation of international chaos, or the establishment of a world organization for the enforcement of peace.

It is not the purpose of this Conference to draft a treaty of peace in the old sense of that term. It is not our assignment to settle specific questions of territories, boundaries, citizenship, and reparations.

This Conference will devote its energies and its labors exclusively to the single problem of setting up the essential organization to keep the peace. You are to write the fundamental charter.

Our sole objective, at this decisive gathering, is to create the structure. We must provide the machinery which will make future peace not only possible but certain.

The construction of this delicate machine is far more complicated than drawing boundary lines upon a map, or estimating fair reparations, or placing reasonable limits on armaments. Your task must be completed first.

We represent the overwhelming majority of all mankind. We speak for people who have endured the most savage and devastating war ever inflicted upon innocent men, women and children.

We hold a powerful mandate from our people. They believe we will fulfill this obligation. We must prevent, if human mind, heart, and hope can prevent, the repetition of the disasters from which the entire world will suffer for years to come.

If we should pay merely lip service to the inspiring ideals and then later do violence to simple justice, we would draw down upon us the bitter wrath of generations yet unborn.

We must not continue to sacrifice the flower of our youth merely to check madmen, those who in every age plan world domination. The sacrifices of our youth today must lead, through your efforts, to the building for tomorrow of a mighty combination of nations founded upon justice for peace.

Justice remains the greatest power on earth.

To that tremendous power alone, will we submit.

Nine days ago, I told the Congress of the United States, and I now repeat it to you:

"Nothing is more essential to the future peace of the world than the continued cooperation of the nations which had to muster the force necessary to defeat the conspiracy of the Axis powers to dominate the world.

"While these great states have a special responsibility to enforce the peace, their responsibility is based upon the obligations resting upon all states, large and small, not to use force in international relations, except in the defense of the law. The responsibility of great states is to serve, and not to dominate the peoples of the world."

None of us doubts that with Divine guidance, friendly cooperation, and hard work, we shall find an adequate answer to the problem history has put before us.

Realizing the scope of our task and the imperative need for success, we proceed with humility and determination.

By harmonious cooperation, the United Nations repelled the onslaught of the greatest aggregation of military force that was ever assembled in the long history of aggression.

Every nation now fighting for freedom is giving according to its ability and opportunity.

We fully realize today that victory in war requires a mighty united effort. Certainly, victory in peace calls for, and must receive, an equal effort.

Man has learned long ago that it is impossible to live unto himself. This same basic principle applies today to nations. We were not isolated during the war, we dare not now become isolated in peace.

All will concede that in order to have good neighbors we must also be good neighbors. That applies to every field of human endeavor.

For lasting security, men of good-will must unite and organize. Moreover, if our friendly policies should ever be considered by belligerent leaders as merely evidence of weakness, the organization we establish must be adequately prepared to meet every challenge.

Differences between men, and between nations, will always remain. In fact, if held within reasonable limits, such disagreements are actually wholesome. All progress begins with differences of opinion and moves onward as the differences are adjusted through reason and mutual understanding.

In recent years, our enemies have clearly demonstrated the disaster which follows when freedom of thought is no longer tolerated. Honest minds cannot long be regimented without protest.

The essence of our problem here is to provide sensible machinery for the settlement of disputes among nations. Without this, peace cannot exist. We can no longer permit any nation, or group of nations, to attempt to settle their arguments with bombs and bayonets.

If we continue to abide by such decisions, we will be forced to accept the fundamental philosophy of our enemies, namely, that "might makes right." To deny this premise, and we most certainly do deny it, we are obliged to provide the necessary means to refute it. Words are not enough.

We must once and for all reverse the order, and prove by our acts conclusively, that right has might.

If we do not want to die together in war, we must learn to live together in peace.

With firm faith in our hearts to sustain us along

the hard road to victory, we will find our way to secure peace for the ultimate benefit for all humanity.

We must build a new world—a far better world—one in which the eternal dignity of man is respected.

As we are about to undertake our heavy duties, we beseech Almighty God to guide us in the building of a permanent monument to those who gave their lives that this moment might come.

May He lead our steps in His own righteous path of peace.

Summary of Proceedings

FIRST PLENARY SESSION

Opera House, April 26, 1945

The temporary President of the United Nations Conference on International Organization, Mr. Stettinius, convened the First Plenary Session at 3:48 p.m. on April 26, 1945, in the War Memorial Opera House.

Mr. Stettinius announced that the Minister of Foreign Affairs and Chairman of the Delegation of Chile, Joaquín Fernández y Fernández, had requested permission to speak at the opening of the session on behalf of the delegations of the Latin American republics. He recognized Mr. Fernández y Fernández, who presented the following declaration:

"The Latin American republics invite all the other United Nations represented at this Conference, in homage to the memory of Franklin Delano Roosevelt, to express the aim of bringing to a fitting and perfect consummation his work as the leader of democracy, as the initiator of the good-neighbor policy, and as the inspirer of a world organization for the maintenance of peace through the rule of justice."

The Conference signified its approval of this declaration by standing silently for one minute in accordance with a request by Mr. Fernández y Fernández.

Mr. Stettinius expressed the appreciation of the people and Government of the United States for this tribute to President Roosevelt, whose spirit would inspire our united efforts to establish and maintain a firm basis of lasting peace.

The temporary President announced that—

(1) since consideration of Conference organization had not been completed during the first meeting of the chairmen of delegations, they would reconvene at 10:30 a.m. on April 27, 1945, in the Veterans Building, and

(2) the Second Plenary Session of the Conference would convene at 3:30 p.m. on April 27, 1945, in the War Memorial Opera House.

Mr. Stettinius addressed the Conference on behalf of the Delegation of the United States.

The Chair recognized T. V. Soong, Minister of Foreign Affairs and Chairman of the Delegation of the Republic of China, who addressed the Conference.

The Chair recognized V. M. Molotov, People's Commissar for Foreign Affairs and Chairman of the Delegation of the Union of Soviet Socialist Republics, who addressed the Conference.

The Chair recognized Anthony Eden, Secretary of State for Foreign Affairs and Chairman of the Delegation of the United Kingdom, who addressed the Conference.

The temporary President, at 5:45 p.m., declared the First Plenary Session adjourned.

(Verbatim minutes of the First Plenary Session, containing the addresses, will be distributed separately as Document 15.)

Document Numbers and Symbols

Each printed or mimeographed document which is a part of the official Conference documentation bears a Conference document number assigned in numerical sequence in the order in which the documents are received by the Documents Officer for reproduction and distribution. The Conference document number appears as "Doc. —," followed by the name of the language in which issued; thus, "Doc. 14 (English)" or "Doc. 14 (French)".

Each document also bears a symbol which indicates its document classification or series. The symbol consists of a capital letter or letters indicating the classification, followed by a number which indicates how many documents have been issued within that classification; thus "G/4" indicates the fourth document in the "General" series.

Up to the present time, the following symbols have been used:

G—for general material, such as the printed PROVISIONAL LIST OF DELEGATES, and the Order of the Day

P—for documents emerging from plenary sessions of the Conference

Each document also bears the date of issuance.

Also, if the distribution of a document is limited to Conference personnel and must be signed for by an authorized member of a delegation or Secretariat, it bears the label "Restricted".

Lists of documents issued day by day appear in the JOURNAL. In addition, cumulative lists of documents will be issued at intervals during the Conference. The documents will be listed in numerical order and also by classification groups.

Fairmont Officers Club

The Officers Club in the Fairmont Hotel extends a cordial invitation to officers of the visiting nations and to accredited civilian members of the delegations to avail themselves of its facilities.

The Officers Club is open daily, including Sunday, from 5 p.m. to midnight. There is a cocktail hour and dancing throughout the evening.

The Club is operated and staffed by the American Women's Voluntary Services.

Printing Facilities for Delegations

Delegations which desire advice and assistance in arranging to have printing work done at private printing establishments in San Francisco may obtain such advice and assistance from Charles A. Ruebsam, representative of the United States Government Printing Office, Room 458A, Veterans Building (IN 3300, extensions 37 and 38). Although Mr. Ruebsam is on duty at the Conference primarily for the purpose of facilitating the printing required by the Secretariat, he will be glad to assist delegations in selecting printing establishments and resolving technical problems. It is understood that in extending this assistance to the delegations, neither the Secretariat of the Conference nor the United States Government assumes any obligation and that financial arrangements must be made directly between the delegations and the printing establishments they may engage.

Mr. Belt presented a report concerning certain recommendations adopted by the chairmen of the delegations at their third meeting on April 30, 1945 at 11 a.m.

The first recommendation was that the Ukrainian Soviet Socialist Republic and the Byelo-Russian Soviet Socialist Republic be permitted to take their seats at the Conference immediately. This recommendation was unanimously approved by the Conference.

The second recommendation was that the representatives of the Argentine Republic be permitted to take their seats at the Conference immediately. Mr. Eden then recognized V. M. Mr. Belt then presented the third recommendation of the meeting of the chairmen of the delegations recommending approval of their report on the organization of the Conference referred to by Mr. Belt in the Second Plenary Session on April 27, 1945. PRESS DISTRIBUTION OF SPEECHES FOR PLENARY SESSIONS

The office of the Chief Press Relations Officer of the Conference wishes to be of assistance to all delegations in distributing to the press and radio the texts of speeches delivered at plenary sessions of the Conference.

Facilities for mimeographing the large number of copies required are limited, however, and serious difficulty has been caused by late changes made in the texts furnished for publication. It is therefore requested that when each speech is submitted to the office of the Executive Secretary 24 hours in advance of the day on which the speech is to be given, the delegation indicate whether publication by the Press Relations Office is desired, and if publication is desired, that the delegation communicate any revisions to the Press Relations Office at least 4 hours before the time of delivery. Otherwise, the Press Relations Office will, if last-minute changes are requested, issue a correction sheet but the text as released cannot be recalled.

The Press Relations Office is located in Room 117, Veterans Building (telephone, IN 3300, extension 60).

Summary of Proceedings

EIGHTH PLENARY SESSION

Opera House, May 2, 1945

The President of the Conference and Chairman of the Delegation of the Union of Soviet Socialist Republics, Mr. V. M. Molotov convened the Eighth Plenary Session at 3:36 p.m. on May 2, 1945 in the War Memorial Opera House.

Mr. Molotov called upon the Secretary General, Mr. Alger Hiss, who pointed out that, by the conclusion of this session, the Conference would have heard the statements of all those chairmen of delegations who desired to speak and that it would then be possible for the Conference to carry on its work through its four commissions and twelve technical committees. The officers of these four commissions had themselves met informally in the morning and recommended that the officers of each commission meet with the officers of the committees within that commission in order that they might proceed upon their urgent tasks as soon as possible. Moreover, it had been recommended that the commissions meet subsequently to receive the reports of their technical committees.

Mr. Hiss added that, in accordance with the recommendation and subject to the approval of the Conference, officers of the commissions and the officers of the committees within those commissions would meet on May 3, 1945 in accordance with the following schedule:

Commission I—10:30 a.m.—room 303, Veterans Building

Commission II—10:30 a.m.—room 213, Veterans Building

Commission III—3:30 p.m.—room 303, Veterans Building

Commission IV—3:30 p.m.—room 213, Veterans Building

Mr. Hiss added that any members of commissions or committees who wish to sit in as auditors should feel free to do so.

The Conference approved the recommendations made.

Mr. Molotov then recognized the following, each of whom addressed the Conference concerning the views of his government on the subject of international organization.

Ezequiel Padilla, Secretary of Foreign Relations of Mexico and Chairman of the Mexican Delegation

Mariano Argüello Vargas, Minister of Foreign Affairs of Nicaragua and Chairman of the Nicaraguan Delegation

Trygve Lie, Minister of Foreign Affairs of Norway and Chairman of the Norwegian Delegation

Roberto Jiménez, Minister for Foreign Affairs of Panama and Chairman of the Panamanian Delegation

Manuel Gallagher, Minister of Foreign Affairs of Peru and Chairman of the Peruvian Delegation

Faris al-Khouri, Prime Minister of Syria and Chairman of the Syrian Delegation

Ivan Subasić, Minister of Foreign Affairs of Yugoslavia and Chairman of the Yugoslavian Delegation

In conclusion, Mr. Molotov declared the Eighth Plenary Session adjourned at 6:20 p.m.

(Verbatim minutes of the Eighth Plenary Session, containing the addresses and the texts of Mr. Hiss' statement, will be distributed separately as Document 65.)

"PRECIS" OF COMMITTEE PROCEEDINGS

Since the résumés of committee proceedings are being issued as separate documents, it has been deemed advisable, in order to expedite the work of the Conference, not to produce the same documents in bound form under the title of "Record", as previously announced in the JOURNAL and Conference GUIDE. A "Précis of Committee Proceedings" will, however, be compiled and issued daily, with citation of the individual documents clearly indicated.

PARTIAL DISTRIBUTION OF SOME DOCUMENTS

Attention is directed to the listing of documents on the last page of the JOURNAL. Hereafter when it is necessary to expedite the furnishing of documents to delegations by distributing only a part of the quantity requested, this will be shown by the words "preliminary—limited distribution". In all such cases, the additional copies requested will be distributed as soon as available.

CONFERENCE TEXTS FOR OVERSEAS

In response to various requests, the United States Office of War Information would like to inform delegates, press officers, and journalists that since the opening of the Conference it has been cabling the full texts of various Conference speeches and resolutions to certain of its offices overseas. These texts are available on request at the offices overseas as soon as received.

In addition, the Office of War Information has been broadcasting these speeches short-wave at hours appropriate to the different areas.

A day-by-day schedule of cabled transmissions is kept in Room 113 of the Veterans Building, showing which full texts have been sent, and to which areas overseas, and may be seen up to 10 p.m. daily by any delegate, press officer, or journalist so desiring.

HEALTH SERVICES

The following health services are available to members of the delegations, their staffs, and the Secretariat.

A health room, operating on a 24-hour basis and staffed by registered nurses, is located in Room 454 of the Veterans Building, telephone: **IN** 3300, extension 199. Rest facilities are available here for both men and women.

A dispensary, located in the basement of the Opera House and staffed by Army and Navy medical officers, is in operation 24 hours a day, night services being for emergency purposes only. The day telephone is **IN** 3300, extension 101. At night call **HE**mlock 5475, extension 39.

In hotels, a physician's services may be obtained by calling the attendant in the medical-aid station of the hotel, or, if the hotel is not so equipped, by calling the room clerk.

For emergencies, a physician or ambulance is available at all times and may be reached by telephoning the Medical Section of the Army-Navy Control Group Headquarters located in the Hospitality House, Civic Center, telephone: **HE**mlock 5475, extension 39.

DISTRIBUTION OF ORDER OF THE DAY

Accredited members of the Conference may obtain mimeographed copies of the Order of the Day at the hotel desks and Conference information booths located in the lobbies of the Conference hotels, as well as at the Documents Distribution Desk on the fourth floor of the Veterans Building

AUTOMOBILE TRANSPORTATION

The procedure followed by the Conference motor transportation pool with regard to assignment of automobiles for official use of members of the Conference is printed below and may be of assistance in assuring efficient and satisfactory operation of the automobile transportation service. Vehicles will be furnished for official business only.

1. Dispatch telephones

From city telephones, call—

(a) KLondike 2-0312—Dispatcher will answer.

(b) INternational 3300—Conference operator will answer; then ask for "Dispatcher".

From Conference telephones, ask Conference operator for "Dispatcher".

2. Requests for transportation

(a) Requests will be accepted by the Dispatcher only when the requesting party's name is on the authorized list furnished by the Secretary General of the Conference.

(b) All requests should be made to the Dispatcher.

(c) For assigned vehicles, the requesting party should give his name, his delegation, vehicle number, and time, place, and name of the person to whom the vehicle is to report.

(d) For other vehicles, the requesting party should give his name, nature of trip, and time, place, and name of the person to whom the vehicle is to report.

3. At pick-up point

(a) On requests for other than assigned vehicles, drivers will wait only 15 minutes for requesting party to claim vehicle.

(b) Passenger must meet the vehicle, since the driver is required to stay with it. At the principal hotels, the contact may be made through the Army-Navy transportation clerk on duty.

(c) Normally, 20 minutes is required from time of call to Dispatcher until arrival of vehicle at points in the central city area.

4. En route

(a) Delays should be avoided. If it is foreseen that a stop in the central city area will be longer than 40 minutes, the vehicle should be returned to the pool and another requested when needed.

(b) Since drivers are expected to follow written assignments, requests should be clear and complete. If a deviation is necessary, drivers are authorized an additional 30 minutes therefor.

(c) No pool vehicle should be driven by other than a regularly assigned driver.

(d) Drivers are instructed to observe all city, county, and State traffic rules. Since Army-Navy regulations prohibit speeds greater than 35 miles per hour, drivers must not be asked to exceed this limit.

(b) Drivers must be given consideration and time for meals. They should be released between 11 a.m. and 2 p.m. for lunch and between 4:30 p.m. and 7 p.m. for dinner. In the event that it is impossible for the person using the car to release it during the regularly scheduled meal period, the requisitioner is requested either to provide the driver with money for meals to be obtained in the vicinity or to release that particular car and call upon the pool for another.

(c) Arrangements for the following day may be made by calling the Dispatcher.

6. Transportation information desks are located in the lobbies of the Veterans Building and the Fairmont, Mark Hopkins, Sir Francis Drake, and St. Francis Hotels.

Certain photographic services have been arranged for the convenience of the delegations. Among them are the following:

1. The Photographic Officer will supply, on request, pictures that have been taken by official Secretariat photographers, of individuals or delegations and of the various meetings of the Conference. Requests should be as specific as possible as to what is desired (date, event, individual, delegation, etc.). Pictures may be viewed in Room 207 for selection.

2. In order to have a complete historical record of the Conference, the Photographic Officer will arrange with the various delegations to have pictures taken of individuals or groups, either in their own quarters or in the Veterans Building. Arrangements may be made with Mr. A. G. Carey in the Photographic Office.

Additional information in regard to photographic services may be obtained in the office of the Photographic Officer, Room 207, Veterans Building. Telephone, IN 3300, extension 160.

FIRST MEETING OF COMMITTEE II/4

May 5, 1945

Committee II/4 met at 10:30 a. m. in Room 303 of the Veterans Building with Mr. Fraser (New Zealand), Chairman, and Mr. Bech (Luxembourg), Rapporteur. The Committee discussed the organization of the Committee's work and rules of procedure. It was decided that attendance at committee meetings need not be confined to one representative from each delegation; that in the absence of the Chairman he was to designate a substitute either from his own or another delegation; and that the May 4 deadline with regard to presentation of proposals would not debar the presentation of amendments with regard to questions which developed in committee discussions. It was also decided that times of meetings at which important decisions were likely to be taken should be fixed with full regard for the convenience of delegations with small staffs. The Chairman was to take up with the delegations concerned the question of the best method of organizing the work of the Committee on the proposals submitted by the delegations.

SECOND MEETING, COMMITTEE III/1

May 5, 1945

The second meeting of Committee III/1 was held in the Veterans Building at 10:30 a.m. on May 5, 1945. Mr. Sofianopoulos, Minister for Foreign Affairs and Chairman of the Delegation of Greece and Chairman of the Committee, presided.

The Chairman congratulated Holland on the liberation of its heroic people.

A general discussion took place concerning Chapter VI, Section A, of the Dumbarton Oaks Proposals. Representatives of some twenty delegations were heard. Others are expected to speak at the next meeting.

SEATING ARRANGEMENTS FOR PUBLIC SESSIONS OF THE CONFERENCE

Admission of the Governments of Argentina, the Byelo-Russian Soviet Socialist Republic, and the Ukrainian Soviet Socialist Republic to the Conference and the seating of their delegates and other officials has necessitated a complete revision of the seating arrangements in the Opera House for coming sessions of the Conference open to the public. In order to avoid confusion, it is necessary to void all plenary session tickets No. 10.

It is requested that no more requests for tickets be mailed to the Admissions Office.

Under the revised seating arrangement a limited number of suitable seats will be available for the guests of the participating delegations. Requests by the delegations for guest tickets may be transmitted through the Special Assistants to the Secretary General on Delegation Liaison assigned to the respective delegations.

SECURITY AND ESCORT GUARD

The security and escort guard for the Conference is furnished by the 749th Military Police Battalion of the United States Army.

The battalion is under the command of Lieutenant Colonel Clarence C. Hennessey, and was brought up to full strength specifically for duty at the Conference. It is made up of hand-picked men from all parts of the United States, many of whom have recently returned from active duty overseas.

This organization is rated by the War Department as one of the finest of its kind and has been especially commended for its efficiency.

ANNOUNCEMENT TO THE CONFERENCE ON OBSERVANCE OF V-E DAY BY THE HONORABLE EDWARD R. STETTINIUS, JR.

The President of the United States has announced the end of hostilities in Europe. Nazi Germany has been defeated.

This hour of victory is not a moment for exultation. It is a time for renewed dedication to the cause of peace.

Assembled here are representatives of the United Nations, whose common effort and mutual sacrifice have made this victory possible. It is fitting that they should pay silent homage to the heroic men—living and dead—who have broken the evil power of the enemy on the field of battle and won the opportunity to create a lasting peace.

As President of this Conference, charged with the management of Conference arrangements, I therefore request that at 11 o'clock on Tuesday morning, May 8th, 1945, all activities and functions of the Conference cease for one minute, while all persons associated with the Conference join in silent meditation.

TECHNICAL COMMITTEES

Meetings on May 9

Committee I/1 discussed Chapter I of the Dumbarton Oaks Proposals, the amendments submitted by the four sponsoring governments, and the amendments proposed by other delegations.

Committee I/2 continued the general discussion of problems relating to membership in the proposed International Organization.

Committee II/1 discussed Chapter V, Section A, and agreed that each member state should be limited to five delegates in the Assembly. The Committee began a discussion of Chapter V, Section B, paragraph 2.

Committee III/2 received from Subcommittee A a report on the procedure to be followed in the consideration of proposed amendments. While a complete statement of amendments arranged for consideration by the Committee was not ready, it was decided to proceed immediately to a hearing of explanations of and comments on the amendments proposed by the sponsoring governments. The Delegate of the United Kingdom explained the purposes of the proposed amendments. The French Delegate made some general observations on the proposed amendments.

Committee III/4 held a general discussion of Chapter VIII, Section C, of the Dumbarton Oaks Proposals and the comments and suggestions relevant thereto submitted by the governments participating in the Conference. Delegations which had presented pertinent comments and suggestions were called upon in alphabetical order for a general statement of their views on regional arrangements. The Delegates of Australia, Belgium, and Bolivia spoke in turn.

A subcommittee was appointed to analyze, classify, and, where possible, amalgamate the amendments to Chapter VIII, Section C, submitted by the various delegations. The membership of this subcommittee, which will work with the Chairman and Rapporteur of Committee III/4, is as follows: Australia, Chile, Czechoslovakia, Egypt.

France, Mexico, Norway, the Union of Soviet Socialist Republics, the United Kingdom, and the United States.

Committee IV/1, pursuant to its previous decisions, and in order to expedite its work, determined to continue the system of reading the draft statute proposed by the Committee of Jurists which met in Washington in April, deferring articles on which amendments are proposed, and voting on the others.

Following this method the Committee unanimously approved 15 articles, in addition to four approved at previous meetings. These include Articles 3 (retaining at 15 the number of judges), Article 9 (providing representation of the world's principal legal systems), Article 13 (retaining the 9-year term but providing that the terms of one third of the judges are to expire every 3 years instead of all at the same time), Article 22 (providing that the seat of the Court should be at The Hague), Article 26 (empowering the Court to establish special chambers for any particular category of cases, such as labor or transit and communications), and Article 28 (providing that these chambers may sit elsewhere than at The Hague)

CUBAN PROPOSALS

Doc. 2, G/14 (g)(1) as issued in English on May 4, 1945 contained only the second part of the additional Cuban Proposals on the Dumbarton Oaks Proposals, and Doc. 2, G/14 (g)(1) as issued in Spanish on May 4, 1945 contained only the first part. This document is being reissued in English and Spanish in complete form under date of May 10, 1945. The old documents should be destroyed and replaced by the new documents.

TECHNICAL COMMITTEES

Committee III/1 on May 9, 1945 approved the designation of Mr. Thanassis Aghnides, Ambassador to Great Britain and member of the Delegation of Greece, as acting Chairman in the event Mr. Sofianopoulos should for any reasons be absent. A subcommittee report recommending that all of the provisions of Section B of Chapter VI be assigned to Committee 1, Commission III, was approved. There was a continuation of the discussion of Chapter VI, Section A, after which it was decided to terminate the general consideration of the Section and to take up in detail the various amendments thereto at the next meeting.

Committee I/2 on May 10, 1945 continued its discussion on problems relating to membership in the proposed International Organization. Various delegates expressed their views on questions of universality of membership, requirements for membership, and the international status of prospective members. The Committee approved the establishment of a subcommittee, which is to prepare a draft of the membership chapter for the consideration of the full Committee at a meeting next week.

Committee II/1 in its meeting on May 10, 1945, after considering proposed amendments, approved Chapter V, Section B, paragraph 2, of the text of the Dumbarton Oaks Proposals. A subcommittee to handle any drafting questions was appointed. The membership of the subcommittee is as follows: Belgium, Canada, Egypt, France, Mexico, Union of Soviet Socialist Republics, the United States, together with the Chairman and the Rapporteur.

The session of Committee III/3 on May 10, 1945 was devoted to a consideration of the problem whether the General Assembly should be given the right to review decisions of the Security Council respecting the use of force, or, alternatively, whether other countries, not members of the Council, should be represented thereon when questions concerning them are before the Council.

Subcommittee III/4/A held its first meeting on May 10, 1945. General discussion was begun with a view to analyzing, classifying, and, where possible, amalgamating the amendments to Chapter VIII, Section C, submitted by the various delegations.

Committee IV/2 on May 10, 1945 considered the problem of immunities for the property of the United Nations Organization and also the problem of privileges and immunities for the representatives of members and their staffs and for officials of the Organization and their staffs. It was concluded that the Charter should provide for such immunities and the topics were referred to a subcommittee for formulation and the preparation of texts.

VISITS TO AMERICAN RED CROSS FACILITIES

The San Francisco chapter of the American Red Cross extends an invitation to members of the Conference, and especially to members of the visiting delegations who are interested in Red Cross activities in their own countries, to visit Red Cross offices and facilities in San Francisco. Among the places which may be visited are the Blood Center, classes in arts and skills for instruction of staff workers in the hospital recreation programs maintained for wounded service men, headquarters operations of the canteen service, the motor corps garage, and the home service center.

Visits to the facilities may be made on Tuesday and Thursday afternoons for the duration of the Conference. Appointments for visits should be made by telephoning the Red Cross Personnel Director, Mrs. Threlkeld (ORdway 3828). Automobiles operated by the Red Cross motor service will be at the Post Street entrance of the St. Francis Hotel on Tuesdays and Thursdays at 1:45 p.m. to transport members of the Conference who have made appointments for those days.

PROPER ADDRESSING OF MAIL

A number of letters which have been mailed by members of the Conference, and which did not have complete return addresses, have been returned to the Conference Mail Room by the post offices in San Francisco and other cities because such letters were incompletely or erroneously addressed or because they did not have sufficient postage. In each case where a letter did not have an adequate return address containing the sender's name it has been necessary to open the letter to identify the sender in order to return the letter to him.

It is therefore urgently requested that members of the Conference write on their letters a complete return address which will include the sender's full name, office room number, and name of office building.

TECHNICAL COMMITTEES

Committee I/2 on May 11, 1945 appointed a subcommittee to prepare a draft of the chapter on membership in the Organization. The matter of suspension and expulsion was referred to this subcommittee. The Committee commenced discussions on Chapter IV (Principal Organs) of the Dumbarton Oaks Proposals.

Committee II/2 on May 10, 1945 accepted an alteration in its terms of reference presented to it for consideration by Field Marshal Smuts, President of Commission II, at the request of Senator Rolin, President of Commission I. By this alteration, questions of the *conditions* under which members of the Organization might have their rights suspended or restored, or might suffer expulsion, were transferred to Committee I/2. Questions of *procedure* on these three points remain with Committee II/2.

The Committee continued its discussion of paragraph 1 of Section B, Chapter V, of the Dumbarton Oaks Proposals. It considered an amendment to that paragraph submitted by Australia. The three questions of principle which emerged from the discussion concerned: (a) the general competence of the *Assembly* to discuss any question of international relations; (b) the limitation on this competence imposed by the last sentence of the paragraph; (c) the desirability of adopting some procedure by which this limitation would cease to operate if the Security Council ceased actively to deal with any matter before it. These three points were referred, together with all the amendments relevant to the Committee's terms of reference, to a subcommittee (to be nominated by the Chairman and the Rapporteur), which was charged with the task of formulating on this basis a series of questions for the Committee to discuss at its next meeting.

Committee II/2 on May 11, 1945 accepted as a basis for its further discussion of paragraph 1, section B, Chapter 5 of the Dumbarton Oaks Proposals a series of nine questions prepared by the subcommittee. These questions were based on the amendments which participating governments had proposed to the paragraph under consideration, and were designed to formulate issues of principle on which the Committee has to decide.

The Committee then proceeded to discuss the first of the nine questions, namely, "Should the General Assembly be enabled to make, on its own initiative, recommendations on any matter relating to the maintenance of international peace and security which is being dealt with by the Security Council?" No decision was taken, and discussion on this point will continue at the next meeting, which will be on Monday, May 14.

Committee II/4 on May 10, 1945 considered proposals on trusteeship from the delegations of Australia, China, France, the United Kingdom, and the United States. A general discussion of these was opened with statements by the delegates of Australia and the Philippine Commonwealth and will be continued at the next meeting.

Committee II/4 on May 11, 1945 resumed the general discussion on the proposed system of

trusteeship. The Delegate for China made an explanatory statement on the proposals laid before the Committee by his Government. The Delegates for France, the Netherlands, and the Union of South Africa expressed the views of their Governments on the subject of trusteeship, both generally and in relation to the dependent peoples for which they were responsible.

Committee III/1 on May 10, 1945 approved the insertion at the end of the third sentence of Section A of Chapter VI of the Dumbarton Oaks Proposals of the amendment proposed by the four sponsoring powers respecting the criteria for the election of the non-permanent members of the Security Council, so that this sentence would read as follows: "The General Assembly should elect six states to fill the non-permanent seats, *due regard being specially paid in the first instance to the contribution of members of the Organization towards the maintenance of international peace and security and towards the other purposes of the Organization, and also to equitable geographical distribution.*"

It was agreed, however, that the proposed amendments of the other governments to all the points in Section A, Chapter VI, will be subject to discussion in subsequent sessions.

A discussion also took place on the matter covered by the first sentence of Section A ("The Security Council should consist of one representative of each of eleven members of the Organization"). No vote, however, was taken as the discussion was not completed.

Committee III/1 on May 11, 1945 discussed the first sentence of Section A, Chapter VI of the Dumbarton Oaks Proposals. No action was taken. The discussion was adjourned to the next session, when it is hoped a vote will be taken early in the meeting.

Committee III/3 on May 11, 1945 continued to hear explanations of various national points of view on the participation and responsibilities of non-members in the Security Council. A subcommittee was chosen to formulate a text on this subject to be submitted for the consideration of the Committee.

Subcommittee III/4/A at its second meeting on May 11, 1945 continued a general discussion of the analysis, classification, and possible amalgamation of the proposed amendments to Chapter VIII, Section C submitted by the various delegations.

Committee IV/1 on May 10, 1945 continued its consideration of the draft Statute of the proposed International Court of Justice prepared by the Committee of Jurists, which met for this purpose in April. Five additional articles were approved, bringing the total to 24. Among the five are Article 30 (empowering the Court to frame rules of procedure), Article 31 (continuing the former rule which permits any litigant to have a judge of its own nationality on the bench if it so desires), and Article 35 (empowering the Security Council to lay down the conditions under which non-member states may have access to the Court).

Certain other articles were deferred until proposed amendments could be laid before the Committee in writing.

Judges J. Gustavo Guerrero, of El Salvador, President of the Permanent Court of International Justice, and Manley O. Hudson, of the United States, Judge of the Court, were present as observers for the Court, at the invitation of the Committee. Judge Charles De Visscher, also a Judge of the Court, is a delegate to the Conference and a member of the Committee, representing Belgium.

TECHNICAL COMMITTEES

Committee I/1 on May 11, 1945 continued general discussion on Chapter I of the Dumbarton Oaks Proposals. A drafting subcommittee was appointed to deal with the preamble and purposes concurrently with the continued discussion in the Committee as a whole.

Committee II/3 on May 11, 1945 voted unanimously to recommend to the appropriate committee that an Economic and Social Council should be included as one of the principal organs of the Organization.

The Committee then had a general discussion on the amendments proposed to Chapter IX, Section A, paragraph 1 of the Dumbarton Oaks Proposals, dealing with the purposes of social and economic cooperation. No decisions were taken.

Committee III/1 on May 12, 1945 completed discussion of the first sentence of Section A, Chapter VI, of the Dumbarton Oaks Proposals, which reads as follows: "The Security Council should consist of one representative of each of eleven members of the Organization."

A vote was taken, and the sentence was unanimously approved.

Committee III/2 on May 11, 1945 commenced discussion of specific amendments proposed by the sponsoring and other governments. The Committee approved in principle an amendment submitted by the sponsoring governments to be inserted before paragraph 1 of Chapter VIII, Section A. It approved paragraph 1, and the general ideas of amendments proposed by the Bolivian and Norwegian Delegations, which were referred to a drafting committee for final decision as to phraseology and place in the Section. Consideration of an amendment proposed by the French Government was postponed to the next meeting of the Committee.

Committee IV/1 on May 11, 1945, approved the articles comprising the chapter on procedure in the Statute of the proposed International Court of Justice. The articles approved now total 50. The Committee also completed the reading of the Statute and is ready for the second reading of articles previously deferred to permit the submission of amendments.

Committee IV/2 on May 12, 1945 considered a number of problems involved in the question whether the United Nations Charter should contain a provision dealing with obligations inconsistent with the Charter. It was agreed that the Charter should contain a provision on this subject, and that the provision should preclude any agreements by members in the future which may be inconsistent with the Charter. The application of such a provision to existing obligations was discussed. It was decided to continue consideration of the whole question at the next meeting before submitting it to a drafting subcommittee.

TECHNICAL COMMITTEES

May 14, 1945

Committee I/1 continued general discussion of Chapter I of the Dumbarton Oaks Proposals.

Committee I/2 discussed the report of its Subcommittee on Membership and agreed on a text to be submitted to the Commission. It was decided that discussion of withdrawal of membership would be placed on the agenda for a future meeting. At its next meeting the Committee will discuss Chapter IV, Principal Organs.

Committee II/2 continued discussion on the first of the nine questions on which the Committee had agreed to center its debate over paragraph 1, Section B, Chapter V. This question reads as follows:

"Should the General Assembly be enabled to make, on its own initiative, recommendations on any matter relating to the maintenance of international peace and security which is being dealt with by the Security Council?"

It was argued on the one side that more power should be given to the Assembly to take up a dispute if the Security Council failed to act effectively and that the small nations would thus be able to exert their influence for the maintenance of peace. Those who took the contrary view emphasized that it was necessary to avoid any possibility of a jurisdictional conflict between the Security Council and the General Assembly at moments of crisis. It was urged that the whole concept of the Dumbarton Oaks Proposals was based on a division of functions between the Security Council and the General Assembly which should not be upset.

Those speaking in favor of an affirmative answer to the question quoted above were the representatives of the Philippine Commonwealth, Cuba, Guatemala, and Belgium.

Speaking for a negative answer (in some cases a qualified negative) were representatives of Canada, the Netherlands, the United Kingdom, China, and Iran.

The Uruguayan representative said he favored a compromise solution.

The Committee met at 5 p. m. and recessed at 8. Two speakers are yet to be heard. The Chairman expressed the hope that after they had been heard a vote could be taken early in the next meeting. The Committee meets again on May 15, at 3:30 p. m.

The purposes of the International Organization in the field of economic and social cooperation was discussed in Committee II/3. In view of the existence of a number of different proposed wordings with substantial agreement as to content, the Committee decided to name a subcommittee to prepare a single draft covering all the statements proposed.

General discussion of proposals on trusteeship was continued by Committee II/4. Delegates of the

Union of South Africa and China made additions to their former statements. Delegates of the United States, the United Kingdom, and the Soviet Union then explained the views of their Governments both on the substance of the proposals before the Committee and on matters of procedure. The question of a working document to be adopted by the Committee as a basis of discussion was considered, but this and other questions of detail were postponed until after the end of the general discussion.

Committee III/2 resumed discussion of the amendment proposed by the French Government. It was decided to postpone further consideration pending action by Committee I/1.

The Committee considered an amendment to paragraph 2, Chapter VIII, Section A, proposed by the sponsoring governments, and proposals submitted by the Bolivian, Ethiopian, and Greek Governments. The amendment submitted by the sponsoring governments was unanimously accepted.

It was agreed to accept the suggestion of the Bolivian Delegate that further action be postponed pending consideration of the matter by Committee IV/2 within whose terms of reference the subject-matter of this amendment was believed to come.

It was decided to refer to Committee III/3 a proposal of the Greek Delegate with the statement that Committee III/2 approved in principle.

An Ethiopian proposal was referred to the drafting subcommittee with the understanding that its purpose was to clarify the meaning of paragraph 2 and not to change its substance.

At the meeting of Committee III/3 on May 14, the subcommittee appointed at the previous meeting presented the report of its deliberations, grouping all the amendments proposed to Chapter VIII, Section B, and Chapter XII, under major substantive headings to facilitate their consideration in the Committee. Debate continued on the question whether the General Assembly should have a voice in the decisions of the Security Council regarding the use of armed force or, alternatively, whether states not members of the Security Council should be invited to sit on the Council when a decision on the use of force directly affecting them is being taken.

Committee IV/1 began the second reading of the draft statute of the proposed International Court submitted by the Committee of Juristz. The Committee referred article 1 to a subcommittee. Article 1 involves the question whether the old court should be continued or a new one established. The Committee then discussed and adopted article 2, which follows the text of the old statute.

POSTPONEMENT OF COMMEMORATIVE CEREMONY AT MUIR WOODS

The commemorative ceremony in Muir Woods National Monument, originally scheduled for May 12, will be held on Saturday afternoon, May 19, at 5 p. m. Invitations to attend this ceremony in tribute to the memory of Franklin Delano Roosevelt have been sent to delegates, assistant delegates, and advisers by the Honorable Harold L. Ickes, Secretary of the Interior. It is regretted that, owing to limited facilities, the entire Conference cannot be invited.

The program already distributed to the invited guests will serve as a ticket of admission to the official buses, which will leave from the Fairmont Hotel and the St. Francis Hotel (Post Street entrance) at 3:30 p. m.

FLAG-RAISING CEREMONIES

In view of the lifting of the period of mourning at midnight of May 14, many of the flags of the United Nations are to be displayed at full mast. Beginning at 8 a. m., May 15, approximately 180 flags will be flown throughout the Conference area. They will line Fulton Street from Leavenworth to the Civic Center Plaza, which will be encircled, and will surround the City Hall, the Opera House, and the Veterans Building. In the Court of Honor, between the Opera House and the Veterans Building, 47 national flags will be flown.

Flags in the Plaza will be handled by ROTC cadets from eight city high schools, under the direction of Lt. Col. T. G. Bond, Commandant of the San Francisco ROTC. Flags in other areas will be raised and lowered by civilian personnel in concert with those in the Plaza.

Flags will be raised at 8 a. m. week-days and at 9 a. m. Sundays, and will be lowered at 5 p. m. each day.

CONFERENCE PASSES

The Conference Security Officer has advised the Executive Secretary that a number of delegates have neglected to sign their passes in the space provided for that purpose. In as much as the security regulations of the Conference provide that only persons holding passes properly signed can be admitted to the Conference buildings, it is requested that those delegates who have not yet signed their passes kindly do so.

There will be a meeting of III/1/A (Subcommittee) in Room 223 immediately following the meeting of III/1.

These meetings will not be open to the public.

TECHNICAL COMMITTEES

Committee II/1 on May 14, 1945 approved an amendment to the Dumbarton Oaks Proposals to provide that the Secretary General of the Organization should be elected by the General Assembly upon nomination by a majority of any seven of the Security Council. The Committee also approved the amendment of the four sponsoring governments that the Secretary General should be elected for a period of three years and be eligible for re-election.

The Committee discussed the method of choosing the deputy secretaries general. Discussion of this question will continue at the next meeting.

Committee III/1, on May 14, discussed the amendments pertaining to the second sentence of Section A, Chapter VI ("Representatives of the United States of America, the United Kingdom of Great Britain and Northern Ireland, the Union of Soviet Socialist Republics, the Republic of China, and, in due course, France, should have permanent seats.") This sentence was approved with one amendment, i. e., to strike out "in due course" before the name of France. This was unanimously passed by acclamation.

The amendments proposed to the next sentence of the Dumbarton Oaks Proposals as amplified by the amendment of the sponsoring governments, were next discussed. This sentence provides for the election of the six non-permanent members of the Council, "due regard being especially paid in the first instance to the contribution of members of the Organization toward the maintenance of international peace and security and toward the other purposes of the Organization, and also to equitable geographical distribution." The discussion was adjourned until the next meeting.

Committee I/1, on May 15, held concluding discussion on Chapter I of the Dumbarton Oaks Proposals. A general measure of agreement was voiced by various delegates that a more explicit wording be used in Chapter I with respect to the observance of the principles of international law, morality, and justice. Several delegates supported the French amendment which would insure explicit undertakings to respect treaty obligations.

Committee I/2 on May 15, accepted a formula which will serve as the basis of paragraph 1 of Chapter IV on Principal Organs. The formula, following the general form of paragraph 1 of Chapter IV of the Dumbarton Oaks Proposals, provides for the inclusion of the Economic and Social Council as a principal organ. Committee II/1 has already placed itself on record in favor of this status for the Economic and Social Council. The formula which Committee I/2 adopted stipulates also that it applies "without prejudice to the addition of any of such other organs as this Conference may create."

Discussion of paragraph 1, Section B, Chapter V, of the Dumbarton Oaks Proposals was continued

by Committee II/2 on May 15 on the basis of Question 1 formulated by a subcommittee. By permission of the Chair, a proposed redraft of the whole of paragraph 1 was read by the Delegate from the United States, who stated that it had the support of the four sponsoring governments and France.

The new proposal by the sponsoring governments was greeted appreciatively by a number of speakers, who said that it went a considerable distance toward meeting the criticisms they had made of this portion of the original Dumbarton Oaks text. Some, however, wished to go still further in the direction of giving power to the Assembly to discuss and recommend.

A vote was taken on Question 1, which reads as follows: "Should the General Assembly be enabled to make on its own initiative, recommendations on any matter relating to the maintenance of international peace and security which is being dealt with by the Security Council?"

There were 16 affirmative votes and 26 negative, and the Chair ruled that the question had been negatived. The voting procedure was unsuccessfully challenged on the grounds that a two-thirds vote against was needed to negative a question.

Committee II/3, on May 15 decided unanimously to ask the Drafting Subcommittee, appointed at the previous meeting, with some additional members, to prepare consolidated drafts of amendments, proposed under Chapter IX of the Dumbarton Oaks documents, on which it appeared that there was substantial agreement. The Subcommittee would take into consideration the Dumbarton Oaks Proposals and the amendments proposed by the four sponsoring governments, the proposals submitted by Canada and the other governments, and points brought out in the discussions of the Committee.

The discussion preceding this decision brought out the fact that there was an important degree of agreement on the substance of most of the points made in the Proposals of the various countries. It was therefore considered that a consolidated draft would greatly speed discussion. Each of the members retains the right to press for changes in the consolidated draft. It was thought, however, that a number of countries might be willing to withdraw their specific proposals in favor of the language of the draft.

The Subcommittee will consist of representatives from Australia, Belgium, Brazil, Canada, China, Cuba, Czechoslovakia, France, Mexico, Norway, the Soviet Union, the United Kingdom, and the United States, and the Chairman, Sir A. Ramaswami Mudaliar, and the Rapporteur, Mr. Manuel Noriega Morales. It was suggested that working advisers rather than delegates be named to sit on the Drafting Subcommittee.

The Committee proceeded to a discussion of the relation of the International Labor Organization to the general International Organization.

Committee III/2, on May 15, initiated the consideration of paragraph 3 of Chapter VIII, Section A, of the Dumbarton Oaks Proposals, and amendments thereto proposed by the Governments of Belgium, Bolivia, Chile, and Ethiopia.

The Belgian amendment, second part, proposed that the Security Council might have the right to impose temporary measures. The United States Delegate pointed out that situations of this nature were covered to a sufficient extent by Section B of Chapter VIII. In the light of this explanation the Belgian Delegate withdrew this part of the amendment.

The first part of the amendment of the Ethiopian Government proposed omission of the words, "first of all" in paragraph 3. The Delegate of the United States took the position that these words should not be omitted because the parties to a dispute should first settle their dispute by ordinary procedure without the intervention of the Security Council and because the Security Council had under paragraph 5 the right to intervene at any time if the dispute endangered the maintenance of peace and security. With that understanding as to the meaning of Section A, the Ethiopian Delegate agreed that the purpose of his amendment was served with the reservation that "if one of the parties to this dispute has the right to ask the Security Council to intervene while these negotiations are going on."

The Committee voted approval of paragraph 3 of the Dumbarton Oaks Proposals and that this paragraph and the amendments thereto outlined on pages 5 and 6 of Document 207 (English), with the exception of those withdrawn, be submitted to the drafting committee, with the understanding that the committee does not endorse the wording of the amendments but approves the general ideas expressed.

The Chairman stated that the amendment proposed by Ecuador would be discussed at the next meeting. This proposal is to the effect that the General Assembly should approve with a majority equivalent to a vote of two-thirds of its members a statute whereby continental or regional arrangements would be established for conciliation procedure for settlement of all disputes of a political nature between states of another continent or region.

Committee III/3, on May 15, discussed and put to a vote several specific amendments to Chapter VIII, Section B, presented by various delegations in order to give the General Assembly concurrent or reviewing authority over decisions of the Security Council regarding the application of economic or military sanctions. None of these suggested amendments was approved.

A further specific amendment to the effect that non-members of the Security Council should be invited to sit as members when the Council is discussing the use of the forces these countries have agreed to make available under special agreements was discussed and referred to the Drafting Subcommittee for further consideration.

TECHNICAL COMMITTEES

At the third session of Committee III/4, on May 15, the Rapporteur presented a report of the work of Subcommittee III/4/A which contained an analysis and classification of all the amendments and comments submitted by the various delegations dealing with matters within the purview of the Committee (Chapter VIII, Section C), as well as certain recommendations relating to the work of the full Committee. The report was approved in its entirety.

The Representative of the United States announced that proposals formulated by the Delegation of the United States, after consultation with a number of interested delegations, intended to clarify in the Charter the relationship of regional agencies and collective arrangements to the World Organization, would be presented through the appropriate channels of the Conference.

Committee I/1 on May 16 commenced general discussion on Chapter II of the Dumbarton Oaks Proposals with pertinent amendments. Various delegations supported their formal amendments to this Chapter, including Uruguay, Czechoslovakia, Cuba, Peru, Egypt, Australia, Brazil, Belgium, and Ethiopia.

In Committee II/1 on May 16, Mr. Seymour Jacklin, Treasurer of the League of Nations, spoke at the invitation of the Committee. He pointed out that there was a problem of financing the proposed International Organization for an interim period between the close of the San Francisco Conference and the formal establishment of the Organization after ratification of the Charter. The Committee will discuss the question of the budget of the Organization in the near future.

The Committee discussed at length the amendment of the four sponsoring governments providing that the deputy secretaries general should be elected by the General Assembly on recommendation of the Security Council. The question whether the deputy secretaries general should be elected in this manner or be selected by the Secretary General was considered at length. This problem will be considered further at the next meeting.

Committee II/3, on May 16, continued the discussion on the question of the relationship of the International Labor Organization to the Organization. A decision on this subject was delayed in order to give the delegations an opportunity to compose their differences on this subject.

After one amendment, the Committee voted to accept the redraft of the purposes of international economic and social cooperation submitted by the drafting subcommittee.

Committee III/1, on May 16, with almost complete unanimity, approved the third, fourth, fifth, and sixth sentences of Section A, Chapter VI, of the Dumbarton Oaks Proposals. The third sentence, which provides for the election by the General Assembly of six states to fill the non-permanent

seats on the Council had already been amended in a previous meeting of the Committee to add the clause proposed by the four sponsoring governments as follows: "due regard being especially paid in the first instance to the contribution of members of the Organization towards the maintenance of international peace and security and towards the other purposes of the Organization, and also to equitable geographical distribution."

The remaining sentences were adopted without change and run as follows: "These six states should be elected for a term of two years, three retiring each year. They should not be immediately eligible for reelection. In the first election of the non-permanent members three should be chosen by the General Assembly for one-year terms and three for two-year terms."

With this session, therefore, the Committee has concluded its work on Section A. The text, as finally approved, will now be reported to the Coordination Committee as having been approved by Committee III/1.

Committee III 2, on May 16, voted to appoint a drafting subcommittee of 9 members to draft, subject to approval by the Committee, the conclusions of the Committee. Members of this subcommittee are to be named by the Chairman.

The Committee proceeded to the discussion of an amendment presented by the Delegate of Ecuador providing for the establishment of continental or regional commissions of conciliation for the settlement of political disputes which might arise between states belonging to the respective continents or regions, and authorizing the General Assembly to coordinate the provisions of such a system with those of the Charter of the general Organization.

After extensive discussion the Committee voted to refer all matters in this amendment pertaining to the powers of the Assembly to Commission II, 2 and to refer to its drafting subcommittee the suggestion that an appropriate reference be incorporated in Section A of Chapter VIII expressing the general idea of recourse to regional procedures for the peaceful settlement of disputes.

Committee IV/2, on May 16, continued its discussion of the question whether a provision should be inserted in the Charter dealing with obligations inconsistent with the Charter. Various problems connected with this topic were explored, including the question of the status of treaties and agreements entered into prior to the conclusion of the Charter. The discussion will be continued at the next meeting.

SEATING OF DELEGATIONS AT COMMISSION SESSIONS

It is expected that public Commission meetings will be held in the Opera House. Because of the fact that the Commissions vary in membership and a new seating arrangement is therefore necessary at each Commission session, it has been found impracticable to use permanent tickets for Commission sessions. Instead, blue theater tickets will be furnished to delegates and officials of delegations to attend each of these sessions.

Only officially listed members of Commissions will be seated in the forward part of the orchestra by countries in the alphabetical order of the English names of the countries. Behind this group will begin a new alphabetical series containing seats allotted to delegates and other officials who are not accredited members of the Commission then in session. This seating arrangement is necessary in order to enable the Commission members to be seated as a unit where they may be readily recognized by the President for purposes of discussion and voting.

Distribution of the tickets in block allotment will be made to the secretaries general of the delegations through the special assistants to the Secretary General on delegation liaison. It will be the responsibility of the respective delegations to make suitable distribution of the tickets allotted to them.

Inquiries regarding seating arrangements should be made by the delegations to the respective special assistants to the Secretary General on delegation liaison.

TECHNICAL COMMITTEES

Committee I 2, on May 16, continued the discussion of Chapter IV. It was agreed that the Uruguayan amendment asking for equal status for women in the Organization should constitute paragraph 3 of that Chapter. The amendment was approved in principle and submitted to a subcommittee for drafting.

Committee II 2, on May 16, voted on questions 2 to 8, inclusive, of the list of questions before it relating to the principles raised by various amendments which had been proposed to paragraph 1, Section B, Chapter V.

The questions and the votes were as follows:

(2) "Should the Secretary General be required *with the consent of the Security Council* to notify the General Assembly of any matter relating to the maintenance of international peace and security which is being dealt with by the Security Council, and also required to notify the General Assembly immediately the Security Council ceases to deal with any such matter?" (Words underlined were added by the Committee before proceeding to a vote.) Approved.

(3) "Should a procedure be adopted whereby the General Assembly, having received the Secretary General's report, may determine that the Security Council has ceased to exercise its functions with regard to any matter relating to the maintenance of international peace and security which is being dealt with by the Security Council and proceed to make a recommendation or recommendations with regard thereto?" Negatived.

(4) "Should the General Assembly be able to require the Security Council to investigate situations which might seem to the Assembly likely to endanger world peace?" Negatived.

(5) "Should the General Assembly be entitled to call the attention of the Security Council to situations which, in its opinion, are likely to endanger peace or are capable of doing so?" Approved.

(6) "Should the decisions of the Security Council on any matter relating to the maintenance of international peace and security be subject to ratification or veto by a fixed majority (such as three-fourths or two-thirds) of the General Assembly?" Negatived.

(7) "Should the General Assembly be entitled to summon the members of the Security Council to appear before it to report on any measures the Security Council may have taken or may contemplate taking in dealing with any matter affecting international peace and security?" Negatived.

(8) "Should the General Assembly be entitled to exercise concurrently with the Security Council the powers set out in Chapter VIII, Section A?" Negatived.

Committee III 3, on May 16, considered a series of proposed amendments to Chapter VIII, Section B, which would specify in greater detail the powers and duties of the Security Council in making rec-

ommendations or deciding upon the measures to be taken to maintain or restore peace and security.

A proposed additional paragraph to the effect that at all events the Council should lend assistance to any party to a dispute who has agreed to submit to judicial settlement failed of approval by the Committee.

After discussion concerning an amendment proposed by the four sponsoring governments with respect to the nature of the measures to be taken by the Security Council, the question was referred to a small subcommittee composed of representatives of Belgium, Greece, and the United Kingdom in order to prepare a definite, clarified text for submission to the full Committee.

Committee II 1, on May 17, approved an amendment to the last sentence of Chapter V, Section B, paragraph 4 of the Dumbarton Oaks Proposals made by the Delegate for Turkey that "the Assembly shall elect the judges of the International Court of Justice in conformity with the Statutes of the Court".

After discussion the Committee voted to approve Chapter V, Section B, paragraph 5 of the Dumbarton Oaks Proposals regarding apportionment of expenses and approval of the budget.

Committee II 4, on May 17, adopted rules of procedure designed to expedite its discussion of the working paper which was adopted at the previous meeting, and on which consultation had since taken place between the United States and the Australian Delegations. It then passed to a consideration of paragraph A 1. The Committee decided to insert the word "political" before "economic and social" in subparagraph (i). A proposal was then made for redrafting subparagraph (ii) in such a way as to include mention of "independence". This proposal was discussed for the remainder of the meeting.

Consideration of Section C, Chapter VI, of the Dumbarton Oaks Proposals, on the subject of voting in the Security Council was begun on May 17 by Committee III 1. There was a general discussion which will be continued at the meeting May 18.

Committee IV 1, on May 17, continued its discussion of the Statute of the proposed International Court. The Committee decided to retain the former system of nomination of judges by national groups of The Hague Court of Arbitration established under The Hague Conventions of 1899 and 1907.

(Under these Conventions each member of The Hague Court of Arbitration is entitled to name four members of the panel from which arbitrators are drawn for any case which may be submitted to it. The members of this panel from any given country constitute the "national groups" which offer nominations for judges of the Court now under discussion.)

A discussion arose over the continuation of the former system of electing judges, which was simultaneous separate elections by the Assembly and Council. This discussion was still continuing when the meeting adjourned at 1:20 p. m.

Committee IV 2 on May 17, continued discussion of obligations inconsistent with the Charter of the United Nations Organization. The principle that the Charter should control in cases of incompatibility was generally acceptable. In order to determine what statement of the principle would suffice in the Charter, the matter was referred to Subcommittee IV 2 A for drafting.

TECHNICAL COMMITTEES

Committee I/1, on May 17, held the final discussion on Chapter II of the Dumbarton Oaks Proposals as amended, seventeen speakers presenting the views of their respective delegations. The Chairman announced that no further meetings of Committee I/1 will be held until the drafting committee has returned its report.

Committee II/3, on May 17, postponed discussion of the question of the relation of the International Labor Organization to the general United Nations Organization.

The Committee took up proposals for modification of the second sentence of Chapter IX, Section A, paragraph 1, on the economic and social purposes and relationships of the United Nations. After a brief discussion, this question was also adjourned in order to permit some members to complete preparation of their proposals. The Committee then proceeded to a discussion of Chapter V, Section B, paragraph 6, of the Dumbarton Oaks Proposals. It was decided to refer to the drafting subcommittee the task of determining whether the provision for the General Assembly to make recommendations for the purpose of adjusting situations likely to impair the general welfare, proposed by the sponsoring governments to be transferred from Chapter V, Section B, paragraph 6, to a new paragraph, were adequately dealt with in the proposed new paragraph. The subcommittee would report any substantive differences in the two texts.

The Committee then had a general discussion of Chapter IX, Section C, paragraph 1, on the powers and functions of the Economic and Social Council and referred the question to the drafting subcommittee.

Committee III/2, on May 17, voted to refer to a drafting subcommittee paragraph 4 of Chapter VIII A as amended by the sponsoring governments.

The Committee discussed at length the proposal of the Belgian Government to amend paragraph 4 providing that a party to a dispute may ask the Permanent Court of International Justice whether a decision or recommendation made by the Security Council infringes its essential rights. Decision on the matter was delayed.

Doc. 445 (English)

The United States Delegate gave notice that he would submit at the next meeting a procedural motion to appoint a subcommittee of seven to meet with a subcommittee of Committee I/1 to consider and prepare a joint report concerning a proposal to transfer to Committee I/1 the amendment of the sponsoring governments regarding paragraph 7 of Chapter VIII A.

Committee I/2, on May 18, approved the recommendations of Subcommittee B that a new paragraph 3 be added to Chapter IV stipulating that the Organization shall place no restrictions on the participation and representation of men and women on an equal basis in its principal organs and subsidiary agencies. Paragraph 3 completes Chapter IV which enumerates the principal organs and provides for subsidiary agencies of the proposed international organization.

The Committee then began its consideration of Chapter X on the Secretariat.

Committee II/2, on May 18, completed its discussion of the questions of principle involved in paragraph 1, Section B, Chapter V. By unanimous vote it answered affirmatively to the ninth and last of the questions framed by its subcommittee, namely, "Subject to any exceptions specifically provided, should the Assembly have general power to discuss and make recommendations in respect of any matters affecting international relations?"

The sense of the Committee was summed up in this way: that the General Assembly should have complete freedom to discuss any matter within the sphere of international relations at any time; that the only limitation to the Assembly's power to make recommendations should be in respect of matters relating to the maintenance of peace and security during the period when the Security Council was dealing with such matters; and that the General Assembly should refer juridical matters to the International Court.

The Committee agreed to set up a drafting subcommittee whose task it will be to work out a revised text for paragraph 1, using as a basis the original text of the Dumbarton Oaks Proposals, the decisions and discussions of the Committee on the nine questions of principle which have been acted upon, and the proposed re-draft of paragraph 1 submitted by the four sponsoring governments and France.

Committee II 4, on May 18, postponed decision on the proposal to insert independence as one of the possible objectives of the trusteeship system. The Committee adopted provisionally, subject to final consideration of the document as a whole, a general statement as to the responsibilities of states administering dependent territories, and a statement that there should be instituted a system of Trusteeship under the International Organization.

Committee III/3, on May 18, considered the question whether the Charter should contain a definition of aggression and, if so, what its precise terms would be. The points of view of twenty-two delegations were expressed, but a vote on the matter was postponed until the next session of the Committee.

Committee IV/1, on May 18, continued its discussion of the question whether the judges of the International Court should be elected by the Security Council and General Assembly or by the General Assembly alone.

At the end of the meeting, the question was referred to a subcommittee consisting of the Delegates of Canada and Mexico for analysis and recommendations concerning the election of judges, and especially the vote which would be required for this purpose in the Security Council.

ROOSEVELT MEMORIAL CEREMONY AT MUIR WOODS

At an impressive ceremony on Saturday afternoon, May 19, 1945, delegates and advisers to the Conference participated in the dedication of a plaque in memory of the late Franklin Delano Roosevelt at Muir Woods National Monument. First suggested by the Chairman of the Brazilian Delegation, Mr. Pedro Leao Velloso, the ceremony comprised speeches by Mr. Velloso, Field Marshal Jan Christian Smuts, and Mr. Edward R. Stettinius, Jr. Invitations to the ceremony were extended by Mr. Harold L. Ickes, Secretary of the Interior, who was represented by Major Tomlinson of the National Park Service.

Emphasis was laid by Mr. Velloso on the character of the late Mr. Roosevelt, whose intelligence, vision, and force of character had, Mr. Velloso said, early enabled him to sense that this generation had a "rendezvous with destiny". As author of the good neighbor policy for the nations of the Americas, President Roosevelt sought to apply its principle of friendship to all nations of the world, Mr. Velloso said. It is for that very purpose that the United Nations have gathered in San Francisco, a task almost beyond the limits of human power to achieve. It is through the inspiration of the divine spark which animated the spirit of Franklin Roosevelt, Mr. Velloso stated, that the work of San Francisco may be accomplished.

Field Marshal Smuts spoke first of the late President's love of nature and all things beautiful, which made this ceremony particularly fitting. "Here among these great redwoods this great man will find fitting and congenial company . . . the company of the giants." Mr. Roosevelt's death, the Field Marshal said, was, like Lincoln's, to him a gain in that it came in the hour of triumph, as befits the death of heroes, but, also like Lincoln's, it was the world's loss. For Roosevelt, whose personal history was a "call and an inspiration to all who suffer under cruel misfortune . . . to use adversity as a stepping-stone to a higher self", possessed a stature and an understanding sorely needed in the tasks that lie ahead. He was the personification of America and the carrier of the message of hope and good cheer from the New World to the Old.

Europe lies in ruins, the Field Marshal said, and if the work of the present Conference is to last it must restore Europe to a condition of spiritual, political, and material order. This work of binding up the wounds through effective implementation of the spirit of Roosevelt's historic declarations will be the greatest monument that the nations can build to him and to the America which he represented.

Mr. Stettinius spoke briefly, thanking the Brazilian Foreign Minister and the Prime Minister of South Africa for their remarks, pointing also to the suitability of placing the memorial among the grove of great trees whose timeless age epitomized the late President's spirit. Mr. Stettinius then unveiled the replica of the plaque to be erected in bronze "as a reminder to posterity . . . of the world's eternal debt" to Franklin Delano Roosevelt, "chief architect of the United Nations, and apostle of lasting peace for all mankind."

SUMMARY OF PROCEEDINGS

FIRST MEETING OF COMMISSION IV

The President of Commission IV, Judicial Organization, Caracciolo Parra-Pérez, Minister of Foreign Affairs of Venezuela, convened the first meeting of Commission IV at 10:30 a. m. on May 19, 1945, in the War Memorial Opera House.

He addressed the Conference and described the organization of Commission IV into two committees, Committee 1 on the International Court of Justice and Committee 2 on Legal Problems. Mr. Parra-Pérez introduced the Chairman of Committee 1, Manuel C. Gallagher (Peru), who spoke of the problems being reviewed by Committee 1 with respect to the International Court of Justice.

The Rapporteur of Committee 1, Nasrat Al-Farsy (Iraq), reported on the status of the work of Committee 1 and its review of the proposed statute for the International Court of Justice.

Abdel Hamid Pasha Badawi (Egypt), Chairman of Committee 2 (Legal Problems) spoke of the various topics subject to review by Committee 2. The Rapporteur of Committee 2, Mariano Arguello Vargas (Nicaragua) reported on the work of Committee 2 dealing with privileges and immunities of the Organization, registration and publication of treaties, and obligations inconsistent with the proposed charter.

Ato Emmanuel Abraham (Ethiopia), the Assistant Secretary General of Commission IV, announced that Commission IV will be convened on the call of its President and that its committees will continue their series of meetings.

The first meeting of Commission IV adjourned at 11:45 a. m.

(Verbatim minutes of the first meeting of Commission IV, containing the addresses and reports to the Conference, will be distributed separately as Document 460).

TECHNICAL COMMITTEES

Committee II/1, on May 18, passed unanimously the provision of the Dumbarton Oaks Proposals that each member of the Organization shall have one vote in the General Assembly (Chapter V, Section C, paragraph 1). The Committee voted to amend the Dumbarton Oaks Proposals to provide that a member shall be deprived of its voting rights in the General Assembly if it is in arrears in payment of its contributions to the Organization beyond a certain period. The exact period before a delinquent member shall lose its voting rights will be fixed by another Committee. The Committee discussed the Australian proposal that a state should be deprived of its voting rights if it has failed to carry out its obligations to the Security Council for the maintenance of international peace and security. Decision on this question was postponed until the competent Committee has completed its deliberations on Chapter VIII, Section B, paragraph 5.

Committee III/1, on May 18, continued its consideration of Section C, Chapter VI, of the Dumbarton Oaks Proposals on the subject of voting in the Security Council. There was a general discussion and it was decided to set up a subcommittee for purposes of study and clarification of the subject.

Committee IV/2, on May 18, approved the text of the Article on Privileges and Immunities of the Organization, its officials and representatives of its members, and the accompanying report of the subcommittee which drafted the text. The proposed text will be recommended for insertion in the Charter as an addition to the Dumbarton Oaks Proposals.

The privileges and immunities provided for are those necessary to insure to the representatives and officials the independent exercise of their functions in connection with the Organization.

The proposed text provides that the General Assembly may make recommendations to determine the details of the application of the general principle of privileges and immunities or it may propose conventions to the members of the Organization for this purpose.

At the eighth meeting of Committee III/2, held at 10:30 a. m., May 19, the Committee approved the motion of the Delegate of the United States to authorize the Chairman to appoint a subcommittee of seven members to meet with a subcommittee of seven members from Committee I/1 to prepare a joint report on the proposal of the sponsoring governments to transfer paragraph 7 of Chapter VIII, A, to Chapter II and to report back to the

Committee; and to send a copy of the report to Committee III/3 for its information.

The Chair appointed the Delegates of Belgium, Brazil, Chile, China, France, Great Britain, Norway, United States and Union of Soviet Socialist Republics to constitute a drafting subcommittee to consider paragraph 4 of Chapter VIII, A, as amended by the sponsoring governments.

The Committee will discuss the Belgian proposal to amend paragraph 4 at the next meeting.
